Invitation to TWF ANZ New Scholarship Launch, March 20

The Women's Foundation is delighted to invite you to celebrate our exciting new partnership with ANZ and HKUST to address the under-representation of women pursuing the STEM (Science, Technology, Engineering and Mathematics) subjects at university.

The Women's Foundation and ANZ are partnering to launch new scholarship awards within the Women in Science & Engineering (WISE) Scholarship programme at HKUST. The TWF ANZ WISE Scholarships will be awarded to outstanding first and second-year female undergraduates pursuing degrees in computer engineering, computer science and electronic engineering.

Please join us for a cocktail reception on March 20 which will include a keynote address by Prof Tony F Chan, President of HKUST, and the launch of an online auction of beautiful paintings created by Susan Yuen, CEO, ANZ Hong Kong, who is herself a computer science major. All auction proceeds will go to support the TWF ANZ WISE Scholarships.

The auction pieces will be available for viewing and bidding from March 17 at 6.30 p.m. at paddle8.com/auctions/thewomensfoundationhk. The auction booklet is also available for preview [here](#). The auction will close on April 3, 2014.

Donations to the Scholarships are also very welcome. Please visit our website [here](#) to pledge your support and for information on payment options. Receipts for tax purposes will be issued for charitable donations of HK\$100 and above.
