註釋 Notes:

1. 括號內的數字表示在該年各修課程度及主要學科類別，男性及女性畢業生人數分別所佔的百分比。

Figures in brackets denote the percentage share of male and female graduates in each level of study and broad academic programme category in a particular year.

2. 由於一些教資會資助課程被納入多於一個學科類別，這些課程的學生人數是按比例計算於有關學科類別內。因此，一些學科類別的學生人數為小數數值。在上表中，這些數字均已約為整數，故此數字總和可能與相對的總計略有出入。

Since some UGC-funded programmes are mapped to more than one academic programme category (APC), students of these programmes are counted across the APCs concerned on a pro rata basis. Thus the student numbers of some APCs are decimal figures. In the above table, the relevant figures are rounded to the nearest whole number. As such, figures may not add up to the corresponding totals.

3. 表內研究院研究課程的畢業生涵蓋大學所呈報的畢業生，不論該些學生是否受教資會資助，或獲外間資金資助修讀課程，及是否在一般修業期內修讀課程。因此，上表涵蓋了(i) 全獲外間資金資助研究院研究課程及(ii) 兼讀制的研究院研究課程的畢業生。

Graduates of research postgraduate (RPg) programmes in this table include those reported by universities irrespective of whether they are funded by UGC or supported by external funding, and whether they are funded within normal study periods. Hence, graduates of (i) RPg programmes wholly supported by external funding and (ii) part-time RPg programmes are included above.
