

# #RAPIDTEST INITIATIVE

## Help Us Support Underprivileged Families During Covid

As we continue to grapple with the 5<sup>th</sup> wave of COVID, it's more vital than ever that the needs of our most vulnerable are kept in mind. At TWF, we are committed to assisting our community of underprivileged families under current challenging conditions.

### SUPPORT RATs (RAPID ANTIGEN TESTS) FOR UNDERPRIVILEGED WOMEN AND THEIR FAMILIES

Rapid Antigen Tests (RATs) are sorely needed in the community and are inaccessible to many. This is a major challenge to women and families who need to undertake regular self-testing for COVID to safeguard their families.

### ABOUT #RAPIDTEST INITIATIVE

In collaboration with our school and community partners, we intend to support at least 1,000 underprivileged women and families by donating RATs (c.10 sets per family) to help alleviate their financial burden and provide peace of mind.

### WHY?

The community is suffering and there is a significant need for regular COVID-testing using RATs which are inaccessible to many underprivileged women and families.

### SUPPORT

We won't be able to help these families on our own. We need your help to make this happen. Please consider joining this vital project for our community.

There are two ways to support this initiative:

1. **FINANCIAL SUPPORT:** Provide any financial support to help us purchase sets of RATs per family including our logistical costs for this outreach
2. **RATs DONATION:** Donate RATs (minimum batch of 100) that are sourced from the [HKSAR Government approved list](#). Contact us if you have RATs that meet EU or other international standards.

### DONATE HERE

- [PayPal](#)
- PayMe (include remark for RATs and your contact phone number)

### RECOGNITION

As a token of our appreciation for your contributions to this community support initiative, TWF will widely recognise your generous support through our social media channels and in our Connect e-newsletter.
